What we offer

</>

Web, Software and Application Development

We develop solutions for organisation using software and applications that are made to meet various needs.

🎓

Developer Training

We offer top notch software development training where we equip students in various ICT skills and effectively prepare them for the rapidly changing job market.

🏢

Co-Working Space

Your small business can have a professional business address to call home with dedicated desks and private offices for bigger companies.

💼

Business Masterclass

We mentor prospective business minded
folks on how to start and scale a business;
revealing various ways of accessing funds.
